Battle for the Soul Edward-Isaac Dove, 2021-05-25 An award-winning political journalist for The Atlantic tells the inside story of how the embattled Democratic Party, seeking a direction for its future during the Trump years, successfully regained the White House. The 2020 presidential campaign was a defining moment for America. As Donald Trump and his nativist populism cowed the Republican Party into submission, many Democrats—haunted by Hillary Clinton’s shocking loss in 2016 and the resulting four-year-long identity crisis—were convinced that he would be unbeatable. Their party and the country, it seemed, might never recover. How, then, did Democrats manage to win the presidency, especially after the longest primary race with the biggest field ever? How did they keep themselves united through an internal struggle between newly empowered progressives and establishment forces—playing out against a pandemic, an economic crisis, and a new racial reckoning? Edward-Isaac Dove’s *Battle for the Soul* is the searing, fly-on-the-wall account of the Democrats’ journey through recalibration and rebirth. Dove traces this process: from the early days in the wilderness of the post-Obama era to the jockeying of potential candidates; from the backroom battles and exhausting campaigns to the unlikely triumph of the man few expected to win; and on through the inauguration and the insurrection at the Capitol. Dove draws on years of on-the-ground reporting and contemporaneous conversations with the key players—whether with Pete Buttigieg in his hotel suite in Des Moines an hour before he won the Iowa caucuses or with Joe Biden in his first-ever interview in the Oval Office—as well as with aides, advisors, and voters. Offering unparalleled access and an insider’s command of the campaign, *Battle for the Soul* takes a compelling look at the policies, politics, and people, as well as the often absurd process of running for president. This fresh and timely story brings you on the trail, into the private rooms, and along to eavesdrop on critical conversations. You will never see campaigns or this turning point in our history the same way again.

Everyman Anonymous, 2012-03-01 The most durable of medieval morality plays, along with 3 other classics: The Second Shepherd’s Play, Noah’s Flood and Hickscorner. All from standard texts.

How to Do Things with Words John Langshaw Austin, 1975 This work sets out Austin’s conclusions in the field to which he directed his main efforts for at least the last ten years of his life. Starting from an exhaustive examination of his already well-known distinction between performative utterances and statements, Austin here finally abandons that distinction,

replacing it with a more general theory of 'illocutionary forces' of utterances which has important bearings on a wide variety of philosophical problems.

Contemplative Vision Juliet Benner, 2010-12-21 Docent Juliet Benner began showing people how to meditate on Christian art treasures, which led to her much-beloved O Taste and See columns from the spiritual formation journal *Conversations*, now expanded into this book. In each chapter you'll encounter a passage of Scripture and a corresponding piece of art to lead you in a new experience of prayer in God's presence.

Respect for Acting Uta Hagen, 2009-05-04 Respect for Acting This fascinating and detailed book about acting is Miss Hagen's credo, the accumulated wisdom of her years spent in intimate communion with her art. It is at once the voicing of her exacting standards for herself and those she [taught], and an explanation of the means to the end. --Publishers Weekly Hagen adds to the large corpus of titles on acting with vivid dicta drawn from experience, skill, and a sense of personal and professional worth. Her principal asset in this treatment is her truly significant imagination. Her 'object exercises' display a wealth of detail with which to stimulate the student preparing a scene for presentation. --Library Journal Uta Hagen's *Respect for Acting* . . . is a relatively small book. But within it, Miss Hagen tells the young actor about as much as can be conveyed in print of his craft. --Los Angeles Times There are almost no American actors uninfluenced by Uta Hagen. --Fritz Weaver This is a textbook for aspiring actors, but working thespians can profit much by it. Anyone with just a casual interest in the theater should also enjoy its behind-the-scenes flavor. --King Features Syndicate

The Curry Guy Dan Toombs, 2017-05-04 Dan Toombs (aka The Curry Guy) has perfected the art of replicating British Indian Restaurant (BIR) cooking after travelling around the UK, sampling dishes, learning the curry house kitchen secrets and refining those recipes at home. In other words, Dan makes homemade curries that taste just like a takeaway from your favourite local but in less time and for less money. Dan has learnt through the comments left on his blog and social media feeds that people are terribly let down when they make a chicken korma or a prawn bhuna from other cookbooks and it taste nothing like the dish they experience when they visit a curry house... but they thank him for getting it right. The Curry Guy shows all BIR food lovers around the world how to make their favourite dishes at home. Each of the classic curry sauces are given, including tikka masala, korma, dopiazza, pasanda, madras, dhansak, rogan josh, vindaloo, karai, jalfrezi, bhuna and keema. Popular vegetable and sides dishes are there as accompaniments, aloo gobi, saag aloo and tarka dhal, plus samosas, pakoras, bhaji, and pickles, chutneys and raitas. Of course, no curry is complete without rice or naan. Dan shows you how to cook perfect pilau rice or soft pillowy naan every time.

Red Algae in the Genomic Age Joseph Seckbach, David J. Chapman, 2010-07-27
red Algae in Genome Age book most people reading this book have childhood memories about being enthralled at the beach with those rare and mysterious living forms we knew as seaweeds. We were fascinated at that time by their range of red hues and textures, and most of all, their exotic beauty. To a scientist, red algae represent much more than apparent features. Their complex forms have attracted morphologists for centuries; their intricate life cycles have brought more than one surprise to plant biologists familiar only with ferns and flowering plants; their unusual tastes have been appreciated for millennia, and their valuable chemical constituents have been exploited for nearly as long, most recently by biotech companies; their diversity in marine, freshwater, and terrestrial environments has offered centuries of engaging entertainment for botanists eager to arrange them in orderly classification systems; still, the red algae continue to teach us how many more challenges need to be overcome in order to understand their biodiversity, biological functions, and evolutionary histories.

The Mystery of the Katyn Massacre Grover Furr, 2018-08
In April 1943, German authorities claimed that they had found the bodies of more than 4,000 Polish prisoners of war buried near Katyn, in the Western Soviet Union. The Polish exile government in London agreed with the Germans. In January, 1944, Soviet authorities issued a report claiming that the Germans had murdered the Polish POWs. In 1990-92 Soviet, then Russian authorities agreed that the Soviets were indeed the guilty party. But by 2010 serious evidence had been discovered that cast doubt on Soviet guilt. There has never been an objective, thorough study of this mystery - until now. All mainstream accounts blame the USSR - Stalin - for the deaths, while all the evidence points in the opposite direction. Grover Furr has identified, obtained, and studied all the evidence, and has also studied all the supposedly authoritative scholarly accounts of Katyn, with skill and - what is most important - with objectivity. In this book he lays out the evidence and solves this mystery for once and for all.

Marion (Mugs) McConnell, Dickman's student, has created a brilliant and loving tribute to her teacher, who founded the Latvian Yoga Society in the early 1930s and later spread his knowledge in the U.S. with the blessings of Paramhansa Yogananda, author of *Autobiography of a Yogi*. Offering a broad range of information on

yoga history, theory, and techniques from a variety of different paths, Letters from the Yoga Masters contains a treasure trove of previously unavailable material and presents detailed teachings about pranayama, mudras, diet, and much more, all interwoven with stories and personal anecdotes. Taken together, the rare correspondence and personal chronicles provide an unparalleled glimpse into the life of a yogi, the development of yoga in the West, and the ways that spiritual wealth is disseminated across generations.

Richard Misrach: Notations ,2022-03 A sumptuous, large-format photographic homage to the end of the analog era Since 2006, coinciding with his shift away from analog film to working exclusively with a digital camera, Richard Misrach has been exploring the aesthetic possibilities of the negative image. His latest body of work, debuted in this deluxe, oversize (16.75 by 13 inches), landscape-format volume, comprises dazzling, sublime photographs of landscapes and natural scenes--in negative, but using color with great dexterity and nuance. Inspired by Ansel Adams' comparison of the photographic negative to a musical score, and John Cage's 1969 book, Notations, which compiles music scores as art, Misrach here envisages the photographic image as a score-like negative, teetering on abstraction, that invites a diversity of interpretations. The result is a series of immense beauty unlike any previous Misrach publication. Richard Misrach(born 1949) is one of the most influential photographers working today. For the past five decades, he has used visually stunning, large-scale color vistas to address human intervention in the natural world. He lives and works in Berkeley, California.

Mastering the Art of Soviet Cooking Anya von Bremzen,2013-09-17 A James Beard Award-winning writer captures life under the Red socialist banner in this wildly inventive, tragicomic memoir of feasts, famines, and three generations “Delicious . . . A banquet of anecdote that brings history to life with intimacy, candor, and glorious color.”—NPR’s All Things Considered Born in 1963, in an era of bread shortages, Anya grew up in a communal Moscow apartment where eighteen families shared one kitchen. She sang odes to Lenin, black-marketeered Juicy Fruit gum at school, watched her father brew moonshine, and, like most Soviet citizens, longed for a taste of the mythical West. It was a life by turns absurd, naively joyous, and melancholy—and ultimately intolerable to her anti-Soviet mother, Larisa. When Anya was ten, she and Larisa fled the political repression of Brezhnev-era Russia, arriving in Philadelphia with no winter coats and no right of return. Now Anya occupies two parallel food universes: one where she writes about four-star restaurants, the other where a taste of humble kolbasa transports her back to her scarlet-blazed socialist past. To bring that past to life, Anya and her mother decide to eat and cook their way through every decade of the Soviet experience. Through these meals, and through the tales of three generations of her family, Anya tells the intimate yet epic story of life in the USSR. Wildly inventive and slyly witty, Mastering the Art of Soviet Cooking is that rare book that stirs our souls and our senses. Hidden within Zone 3, she knows that if she loses control of her dangerous abilities again, she not only puts everyone in the secret community at risk, but also the beautiful, deadly inhuman Luc. The Price of Nationhood Jean Butenhoff Lee, 1994 *The Price of Nationhood* reshapes the story of the American Revolution, bending the familiar contours imprinted by the New England revolutionary experience. At the same time, Jean Lee's narrative rewards us with history at the ground level, rich with the smells of the earth and sea in eighteenth-century coastal Maryland.

Jurisdiction and the Internet Uta Kohl, 2010-12-16 Which state has and should have the right and power to regulate sites and online events? Who can apply their defamation or contract law, obscenity standards, gambling or banking regulation, pharmaceutical licensing requirements or hate speech prohibitions to any particular Internet activity? Traditionally, transnational activity has been 'shared out' between national sovereigns with the aid of location-centric rules which can be adjusted to the transnational Internet. But can these allocation rules be stretched indefinitely, and what are the costs for online actors and for states themselves of squeezing global online activity into nation-state law? Does the future of online regulation lie in global legal harmonisation or is it a cyberspace that increasingly mirrors the national borders of the offline world? This 2007 book offers some uncomfortable insights into one of the most important debates on Internet governance.
