Darkfever Karen Marie Moning,2006-10-31 MacKayla Lane's life is good. She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac's cell phone—Mac journeys to Ireland in search of answers. The quest to find her sister's killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . . As Mac delves deeper into the mystery of her sister's death, her every move is shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to crumble, Mac's true mission

becomes clear: find the elusive Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than complete control of the very fabric of both worlds in their hands. . . . Look for all of Karen Marie Moning’s sensational Fever novels: DARKFEVER | BLOODFEVER | FAEFEVER | DREAMFEVER | SHADOWFEVER | ICED | BURNED | FEVERBORN | FEVERSONG BONUS: This edition contains an excerpt from Karen Marie Moning's Bloodfever.

Shotgun Seamstress Zine Collection Osa Atoe, 2012-09 Shotgun Seamstress discusses the difficulties of being a black person within dominantly white punk and queer scenes. The author and contributors give anecdotes about their experiences at punk concerts. Osa interviews local punk artists of color, and provides excerpts of her own writing about racism. The zine incorporates images and sparse typewritten sections for a dynamic effect on each of the pages. Multiple issues have been produced, each focusing on a different aspect of black punk culture (e.g. Toni Young, love, money) and how people of color interact with popular culture.

Good Night, Mr. Tom Michelle Magorian, 1986-11-13 London is poised on the brink of World War 11. Timid, scrawny Willie Beech -- the abused child of a single mother -- is evacuated to the English countryside. At first, he is terrified of everything, of the country sounds and sights, even of Mr. Tom, the gruff, kindly old man who has taken him in. But gradually Willie forgets the hate and despair of his past. He learns to love a world he never knew existed, a world of friendship and affection in which harsh words and daily beatings have no place. Then a telegram comes. Willie must return to his mother in London. When weeks pass by with no word from Willie, Mr. Tom sets out for London to look for the young boy he has come to love as a son.

John Bright Bill Cash, 2011-10-01 John Bright was one of the greatest British statesmen of the nineteenth century. In a series of Punch cartoons in 1878, Bright featured alongside Disraeli and Gladstone as among the most influential politicians of the age. However, his profound contribution to British politics and society has been virtually forgotten in the modern world. Bright played a critical role in many of the most important political movements of the Victorian era, from the repeal of the Corn Laws to Home Rule. In his great campaign leading up to the Reform Act 1867, he fought for parliamentary reform on behalf of the working class and for the abolition of newspaper taxes. Internationally renowned as an orator, he was a dedicated opponent of slavery and champion of the North in the American Civil War. His testimonial for Abraham Lincoln's re-election was found in the President's pocket on his assassination. He was vigorously opposed to the Crimean War and campaigned against the oppression of the Irish tenantry and colonial subjects throughout the Empire. Fiercely independent, he eventually split from the Liberal Party over Home Rule, becoming a Liberal Unionist. In this new biography, the first for over 30 years, Bill Cash provides an incisive and engaging portrait of a man who influenced the politics of his generation

more than virtually any other, with important implications for the present day.

Nursing Informatics Ursula H. Hübner, Gabriela Mustata Wilson, Toria Shaw Morawski, Marion J. Ball, 2022-07-25 This new edition of the classic textbook on health informatics provides readers in healthcare practice and educational settings with an unparalleled depth of information on using informatics methods and tools. However, this new text speaks to nurses and — in a departure from earlier editions of this title — to all health professionals in direct patient care, regardless of their specialty, extending its usefulness as a textbook. This includes physicians, therapists, pharmacists, dieticians and many others. In recognition of the evolving digital environments in all healthcare settings and of interprofessional teams, the book is designed for a wide spectrum of healthcare professions including quality officers, health information managers, administrators and executives, as well as health information technology professionals such as engineers and computer scientists in health care. The book is of special interest to those who bridge the technical and caring domain, particularly nurse and medical informaticians and other informaticians working in the health sciences. *Nursing Informatics: An Interprofessional and Global Perspective* contains real-life case studies and other didactic features to illustrate the theories and principles discussed, making it an ideal resource for use within health and nursing informatics curricula at both undergraduate and graduate level, as well as for workforce development. It honors the format established by the previous editions by including a content array and questions to guide the reader. Readers are invited to look out of the box through a dedicated global perspective covering health informatics applications in different regions, countries and continents.

Ten Cities Johannes Hossfeld Etyang, Joyce Nyairo, Florian Sievers, 2021-02-23 A nocturnal journey through local histories of clubbing in Africa and Europe The image of the DJ dragging his record case through international non-places and deejaying in clubs around the globe is a contemporary cliché. But these club scenes have rich, geographically differentiated local histories and cultures. This book expands the focus beyond the North Atlantic clubbing axis of Detroit-Chicago-Manchester-Berlin. It looks at ten club capitals in Africa and Europe, reporting on different scenes in Bristol, Johannesburg, Cairo, Kyiv, Lagos, Lisbon, Launda, Nairobi and Naples. The local music stories, the scenes, the subcultures and their global networks are reconstructed in 21 essays and photo sequences. The tale they tell is one of clubs as laboratories of otherness,

in which people can experiment with new ways of being and assert their claim to the city. *Ten Cities* is a nocturnal, sound-driven journey through ten social and urban stories from 1960 through to the present.

Driving While Black: African American Travel and the Road to Civil Rights Gretchen Sorin, 2020-02-11 Bloomberg • Best Nonfiction Books of 2020: [A] tour de force. The basis of a major PBS documentary by Ric Burns, this “excellent history” (*The New Yorker*) reveals how the automobile fundamentally changed African American life. *Driving While Black* demonstrates that the car—the ultimate symbol of independence and possibility—has always held particular importance for African Americans, allowing black families to evade the dangers presented by an entrenched racist society and to enjoy, in some measure, the freedom of the open road. Melding new archival research with her family’s story, Gretchen Sorin recovers a lost history, demonstrating how, when combined with black travel guides—including the famous *Green Book*—the automobile encouraged a new way of resisting oppression.
